None of my friends showed animals, none of my friends did horticulture judging, but I was still able to experience the full benefit of the 4-H Program.

I went to mock legislature programs and even attended an event for citizenship in Washington DC. 4-H not only taught me how to be a good citizen, 4-H also taught me how to make a difference; and my location wasn't a hindrance to that.

Join me in leading an effort where 4-H grows in every community, join me in taking 4-H everywhere.

AS AN ALUMNUS...

You are vital to the overall growth of the 4-H program. You are equipped with the experience necessary to understand the positive impact 4-H has on the lives of young people every day. 4-H helps youth build self-confidence, learn responsibility, and make positive decisions to improve their own lives and those living in the communities around them.

Help us share 4-H with communities near you.

COMMUNITIES NEAR YOU...
